

BROOKVILLE TAILWATERS INFO & DETAIL MAP

Indiana Specific Regulations:

Pickup a current Indiana Fishing Regulations Booklet when you get your License.

Inland Trout Sizes and Limits

There is no closed season for taking trout from inland lakes. The trout season for inland streams, other than Lake Michigan tributaries, is from 5 a.m., April 30 through Dec. 31, 2005.

Species	Daily Bag Limits	Minimum Size
Brook Trout		
Brown Trout*	5 singly or in aggregate	7 inches
Rainbow Trout	no more than 3 may be lake trout	
Lake Trout		

Brown trout bag limit is one fish and size limit is 18 inches in Oliver, Olin and Martin Lakes (Lagrange Co.) and Whitewater River below Brookville Res. dam (Franklin Co.)

Indiana License Info: To fish in a stream stocked with trout, you **MUST** have either a "one day all species license" or have a resident or non-resident license with a TROUT STAMP!

If you plan on buying a license when you get there, go to the Marathon gas station (called the 52 Pick-Up) just as soon as you cross the tailwater as you enter Brookville, Ind.

Dam Release Info:

http://waterdata.usgs.gov/in/nwis/uv?dd_cd=02&format=gif&period=7&site_no=03276000

This link will take you to a link on the internet where you can see how high the flows are. 4 ft is the absolute maximum for wading and even 3.5 is tricky wading with recommended flows below 3.25 for good wading.

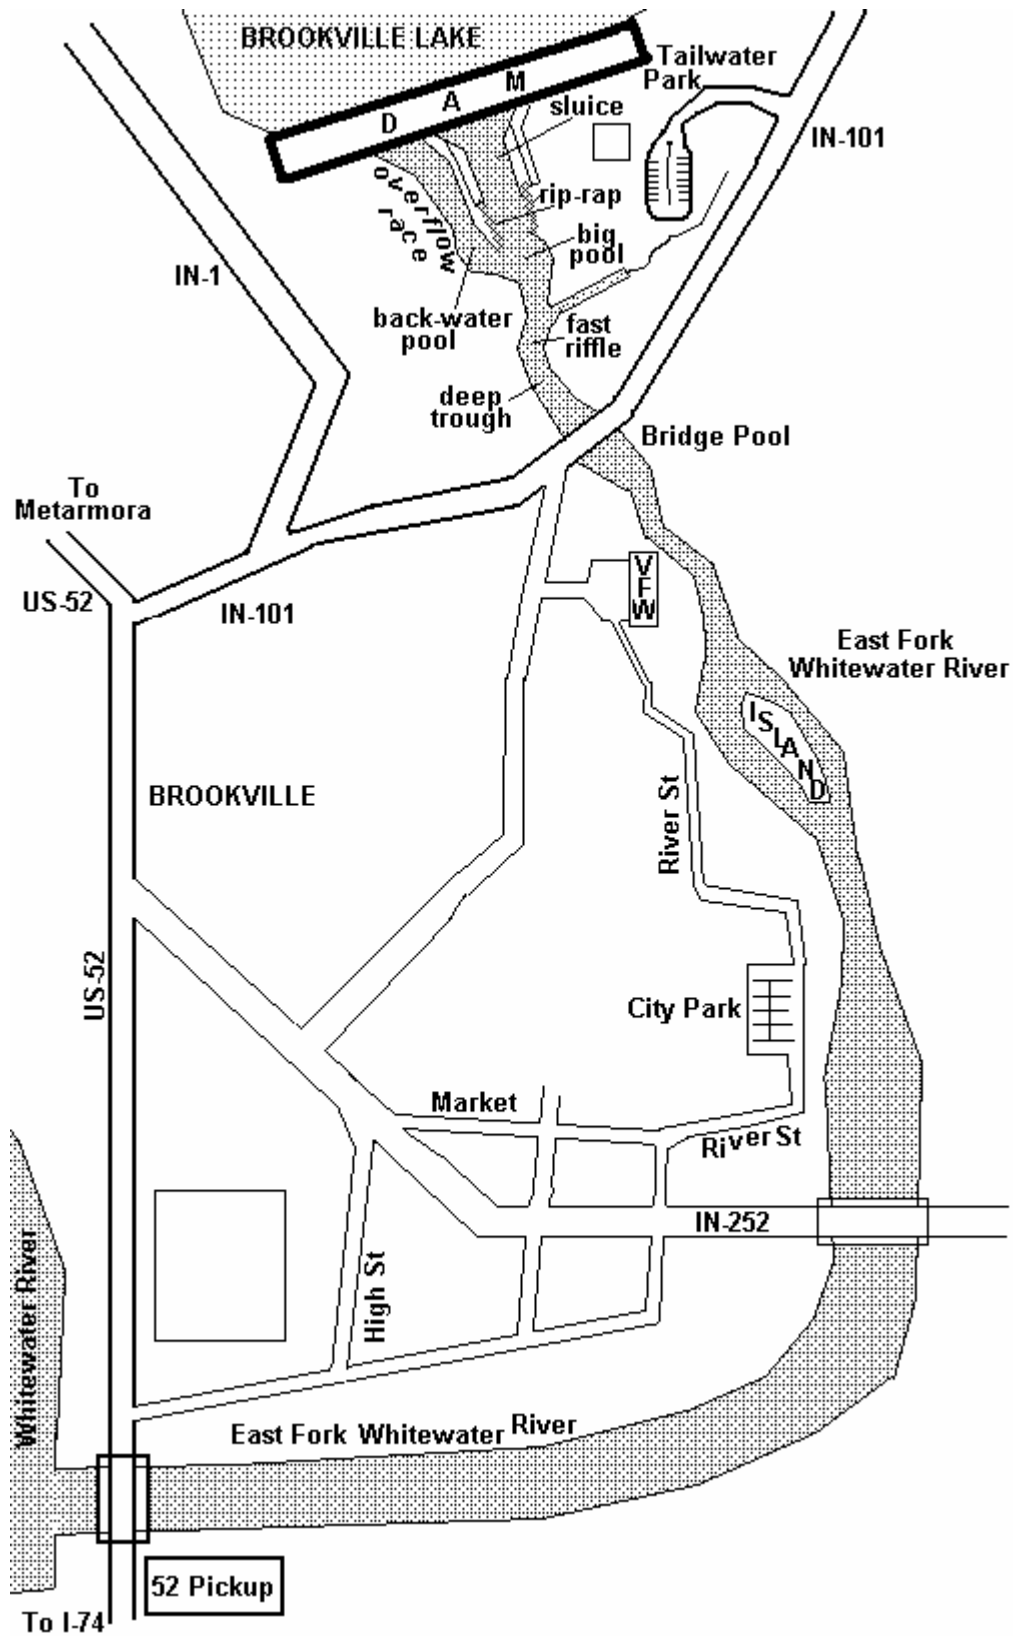

As all tailwaters, be warned that water can rise at ANY time so always be aware of a route out of the stream if you need to make a quick retreat.

Brookville Trout Creel Survey attached

If you go over and fish, PLEASE fill this survey out and return it to the named address, this will help support this as a viable trout fishery. Your Help is most appreciated!
